###

The Ohio Association of Health Underwriters (OAHU) is a trade association representing agents, brokers and other professionals concerned with health insurance. The association works for reform to provide an improved, accessible and affordable health insurance system for all Ohio consumers. In addition, OAHU supports its five local associations in promoting free-market delivery of health care insurance and the value of the professional agent.

OAHU requires each of its members to always make health care coverage recommendations with the customer's best interest in mind. Most professional insurance agents work very hard to provide their clients with the best possible service and price for their insurance products.

OAHU's management team is J&M Business Solutions, LLC, a woman owned business established in 1994.
